B-14B. BASES OF CHARGES FOR DEPRECIATION

- Report under each of the plant accounts in column (a) all subclasses of plant for which a depreciation rate is determined and a subtotal for each primary account.
- The net salvage factors in column (d) shall be shown as a percentage of original cost.
- A "W" in column (b) indicates a whole life rate in column (f), an average service life in column (c) and average net salvage in column (d); and "R" indicates a remaining life rate in column (f), an average remaining life in column (c), a future net salvage in column (d).
- For each plant account, report in column (f) the prescribed depreciation rate or those used by the utility in accordance with USOA.
- The depreciation rate in column (f) for primary plant accounts for which subclasses or vintages are used, the life in column (c), net salvage percentage in column (d) and the accumulated depreciation percentage in column (e) are to be composite so that the resulting calculated composite rate produces the same charge to operating expenses as the sum of the individual rates applied to the individual classes of plant.

Account 5003 - Increased due to new contracts with Verizon Wireless.

Account 5050 - Increased due to the number of customer premise visits for service connect higher in 2006 compared to 2005.

Account 5060 - Increase in ISDN service plus increase in bundled services being taken by customers.

Account 5082 - Decreased due to recording the true up to the actual cost study, and booking the adjustments to close out the NECA 24 month window of activity in 2005. This was partially offset by recording the Safety Net Additive revenues (supplementary support system), an increase in current revenue accruals (TARRP) and NECA adjustments for prior period earnings monitoring.

Account 5084 - Decreased due decline in Minutes of Use (MOU).

Account 5230 - Decreased due to a drop in customer advertising activities which impacted our contractual obligation with the directory publisher.

Account 5240 - Increased due to resuming billing Hollis Telephone for shared vehicle investment costs for replaced vehicles. Also updated rentals of shared buildings and equipment billed to Hollis Telephone in 2006.

Account 5260 - Decreased due to less compensation from Verizon for E911 database updates. Retroactive payments received in 2005 for periods covering 2003 forward. Also fewer requests from CATV for work to attach to our poles.

I-35A. INCREASE OR DECREASE IN OPERATING EXPENSES

Give explanation of all operating expense accounts, over \$500, that have increased or decreased 10% or more over the prior year.

Account 6112 - Increased due to an increase in vehicle repairs during 2006 for hydraulics, bucket truck basket replacement, and general maintenance.

Account 6116 - Increased due to purchase of POTS test sets and misc tools.

Account 6123 - Increased due to purchase of office chairs, new mailing system, and buyout of credit card machine operating lease.

Account 6230 - Increased due to upgrades in circuits and increase in associated costs. These costs include a portion that is retroactive back to May 2005.

Account 6411 - Increased due to electric utility paying for their share of maintenance on joint use poles during 2005 which reduced prior recorded expenses. Nothing similar booked in 2006.

Account 6421 - Increased due to employees spending more time on maintenance of existing plant, transfer of cable to new poles, and storm damage repairs.

Account 6423 - Decrease due to the intercompany assessing system being updated in 2006 to assess out of accounts more representative of where the original costs are booked. Partially offset by an increase in labor for maintenance activities and cost associated with cable locations.

Account 6540 - Increase due to the company signing new contracts with Verizon Wireless for interconnection services.

Account 6563.1 - Assets associated with software became fully depreciated at end of 2005.

Account 6610 - Decreased due to adjustment booked in 2005 to correct the recording of the Account Executive costs. This was partially offset by an increase in wages due to greater emphasis on sales activities.
